

# CRIMEBUSTER CHALLENGE

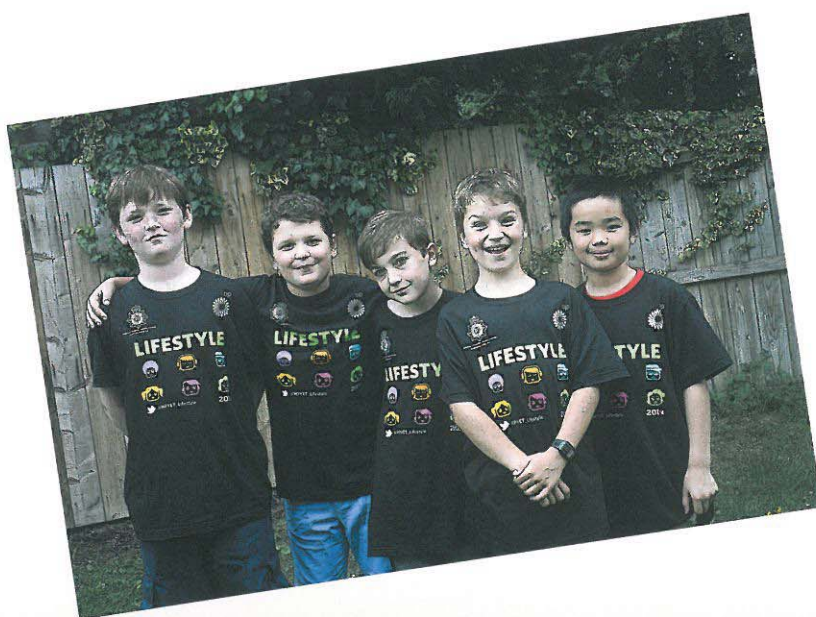

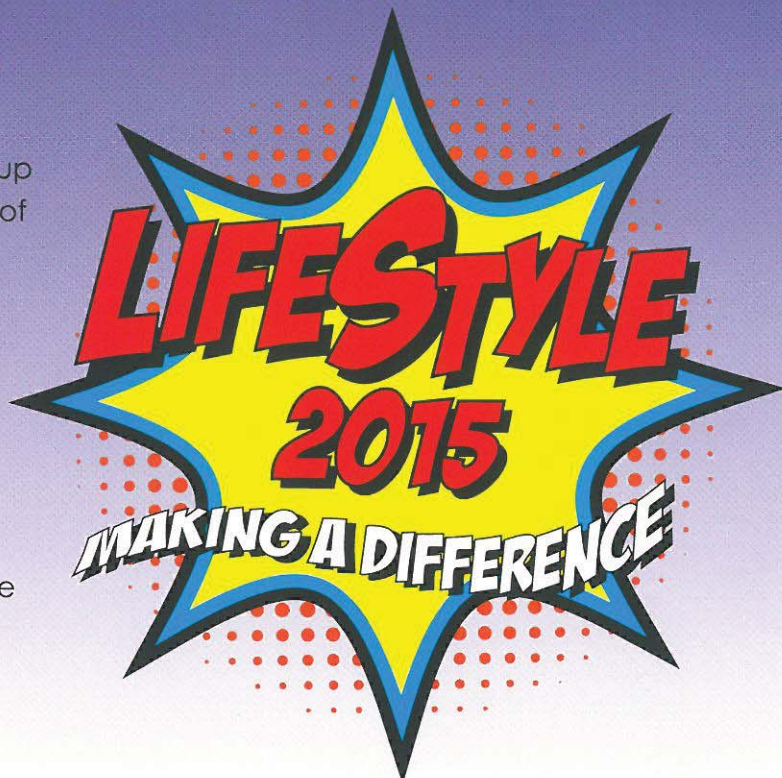

## The Challenge

You and your friends can make a real difference in reducing crime by coming up with creative ideas and solutions as part of your Crimebuster Challenge.

### Ideas - you could

- Find out about crimes or illegal acts in your area and how to prevent them by producing a survey.
- In association with your Communities Policing Team arrange a property marking event, this could include cycle post coding or 'Smart Water' applications.
- Set up a 'Lifestyle Youth Crime Prevention Panel' giving crime prevention advice to other young people on issues such as:
  - Internet safety
  - Protecting your mobile phone and what to do if it is stolen
  - Anti Social Behaviour
  - Stranger danger
- Create an Anti Bullying Campaign.
- Contact your local Crime Prevention Officer on your Communities Policing Team for help (See your Adult Adviser and Team Handbook).

Whilst you are taking part in the Crimebuster Challenge, take lots of photographs. You could also design some leaflets and posters to tell everyone about your great work!
